The PHIPSICLI

Published Annually by the SENIOR CLASS OF ELON COLLEGE Elon College, North Carolina

VOL. XVI

Estelle (Walker) Harper

For 25 years Dr. and Mrs. W. A. Harper have been one in their devotion to Elon College.

The Phipsicli Staff is honored in being privileged to dedicate this annual to Dr. and Mrs. Harper. In the history of our College we have known no one more sincere in their devotion to Elon. Mrs. Harper has brought honor to her c4lna Mater because of the positions she has held and honor given her by musical organizations throughout the country.

William Allen Harper

Dr. Harper, as an editor, author, speaker, and far-seeing college president, has done a great work. He has builded a mighty temple with brick and mortar, a visible temple. God only knows the mighty and beautiful temples he has builded in the hearts and souls of men. His work cannot perish. In recognition of the unselfsh part they have played in the making of Elon, we, the Class of 1930, dedicate this the sixteenth volume of the Phipsieli.

FOREWORD

We have tried to show you in these pages a vivid picture of Elon College life. The 1930 Phipsicli must speak for itself. Nothing which we, the staff, might say can save it from the flames, if to the flames it must go. Nor can we assure it a permanent place of honor on the bookshelves of the homes into which it goes. Our sincere hope in our labor upon it is that in future years, as you turn through its pages, you may be reminded of the happy days spent at "Dear Old Elon."

-The Editor.

Voyage of the Class of '30

FIRST CRUISE

N the thirty-first day of August, nineteen hundred and twenty-six, the ship of '30 commenced its long and tedious journey. Nearly two hundred young and innocent boys and girls embarked ready and eager for the journey with no thought of whether the sea would be smooth or rough.

It proved none too smooth when the wise Sophomores got the upper hand and played innumerable pranks and made us do unheard-of and impossible things. All this was quickly forgotten, however, in the great excitement on Tuesday, November 2, the red letter day for the Freshman Class of '30. This was the day we elected Freshmen officers and on account of his executive and oratorical ability we chose "Jake" Messersmith as our captain. On the same day we chose as our motto "The raps of today will ring the bells of tomorrow."

Our captain proved to be a capable leader and under his guidance we went through a most successful year.

In athletics we were well represented on the varsity football, basketball and baseball teams.

The cruise ended in May, '27. All passengers reported a wonderful time and promised to be ready for the second cruise in September, '27.

SECOND CRUISE

September! Back on the ship and ready to launch forth on the open sea again, confident that no ill could befall us, for we were sage Sophomores. What was there that we did not know and what problem could we not solve?

Our passenger list had diminished somewhat and we missed our comrades of the first cruise. Still our steps did not falter and we pressed on toward our goal.

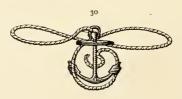

"Lefty" Briggs was our captain. Staunch and true he carried us through successfully.

This year we won the inter-class basketball championship and were again represented on the varsity football and basketball and baseball teams.

The close of this year brought us to the prime of our college career and we found that the sea was not so rough after all.

THIRD CRUISE

"Cammie" Weightman was our captain for the third cruise. Reliable and dependable always he quickly showed us that he could stem the ship through most any difficulty.

This year we entertained the Senior Class and all the aversion we as Freshmen felt for that class was swept away by the rising tide of good fellowship and comradeship displayed.

Despite a raging storm our banquet was a success.

Our rings were ordered and wearing this emblem of our accomplishments we felt amply repaid for the many weary hours of work—proud to be able to wear the ring of '30.

In the spring semester the class excelled in oratory. Faculty and student alike sat spell bound listening to words of wisdom from the mouth of the Junior.

Athletics were not forgotten. We were represented in all. Lefty Briggs was captain of the varsity basketball team and "Pap" Eure was head cheer leader.

Paul Magee received a Certificate in Piano, Ella Keyser Garrett a Certificate in Voice and Wautel Lambeth a Certificate in Fine Arts.

May was at hand. The third cruise was over.

FOURTH CRUISE

Seniors! It is hardly believable. The four years have been all too swift, but our coveted goal is near at hand.

Our passenger list has changed greatly since the first cruise. Many have dropped out; a few added, but we kept pushing forward.

Fred Caddell is our captain. He has proven himself worthy of the responsibility.

We furnished varsity men for all the major sports. "Lefty" Briggs was captain of the baseball team and Palmer Barrett was head cheer leader.

We were royally entertained by the Juniors.

Then came the day that we delivered our robes of seniority to the Sophomores and we became "Sopho" again, feeling much wiser as Sophomores than Seniors. This feeling could not last. The next day we were Seniors again.

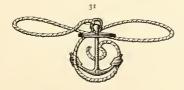

Senior theses! Many hours of toil were spent in writing the book that was to show the extent of our knowledge. The awful suspense was finally broken by the good news that they were accepted.

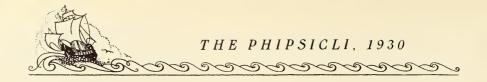

Senior exams over. We were kids again and indulged ourselves by having a joyous picnic.

May 27, 1930. Our day of days. Never will we forget the exultant feeling of receiving our prize—diplomas.

With the feeling of conquerors we launch out into the sea of life determined to make a successful voyage and thus honor our loved institution. We will strive ever onward to a higher and more noble goal for "the raps of today must ring the bells of tomorrow."

CLASS HISTORIAN.

Senior Class Poem

Four autumns have denied us longer stay
Within your hallowed walls of love and truth,
Four springs have kissed us on our joyful way—
We now give place to other Christian youth.

Upon life's troubled sea we hoist our sail.

The wind is right; our flag must be unfurled.

Amid such human needs, we cannot fail

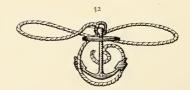

To make our voyage a blessing to the world.

We bid a sad good-bye to you, Elon—
The birthplace of our dreams, our hopes, our friends;
But in our lives your standards shall live on;
Upon your growth our happiness depends.

Farewell, O sacred portals firm and bold—
We see a vision of a greater life.
Farewell, O banner of Maroon and Gold—
To you we pledge ourselves in peace or strife.

O precious Alma Mater, mother kind, You lift us far above this earthly sod; O Christlike nourisher of heart and mind, You blend in perfect harmony with God.

The water nectur and the rocks pure gold."

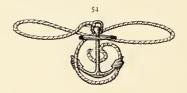

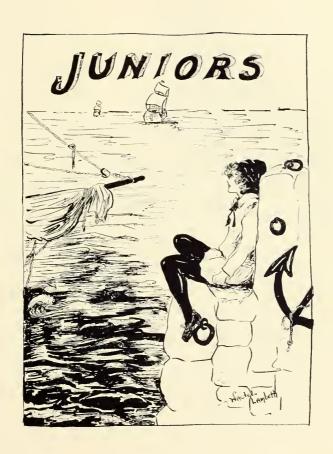

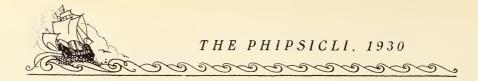

COCCOCO

Junior Class Poem

Dear ones, as now we sing our song, It brings the thought to mind, The happiness we've know here We nowhere else shall find.

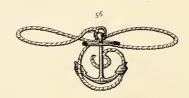

We love our chosen color—blue— Which speaks of Truth and Right. The gold shines forth in Purity, To us, a beacon light.

Oh, thou red rose, which greets the dawn, Your fragrance gives us joy, We hold thee queen of all the flowers. A gem without alloy.

We'll labor till our work is done, With friends both tried and true, Till comes the great year '31; And then we'll say adieu.

Then on we'll go with courage strong
To meet the tests of life,
Our emblem fair of blue and gold
Held high throughout the strife.

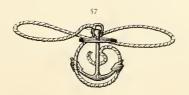

MADELINE CATES, Class Poet.

DICOCOCOCO

Sophomore Class Poem

As Freshmen we entered Elon College, On the ship of Thirty-two, To set sail on the sea of knowledge. Determined to dare and do. With courage strong and hopes so high, To our Sophomore year we've come, And are proud to see on our pennant The successes we have won.

May we sail on with purpose true Until we reach our high endeavor. May "Excelsior" be our watchword As we press onward, ever. We are on a great adventure. There are vast seas yet to sail, And though adverse winds at times may blow, We are determined not to fail.

There is no royal road to knowledge, Nor is wisdom easy to attain, And we must strive if we would win And our high objective gain. There are always depths that we may sound, And fairer countries to explore, Richer treasures to be found. We could sail on forevermore.

With high ideals Elon-inspired, To ever greater heights we'll seek, Not satisfied with aught acquired Until we've gained the highest peaks. As one who sailed the seas of old, And through great difficulties won, We'll keep on our course with courage bold, Undaunted still, sail on and on.

KATHERINE JOHNSON, Class Poet.

Psalm of Freshman

(Apologies to Henry W. Longfellow)

Tell me not in mournful numbers School is but an empty dream, For the student flunks who slumbers, Lessons are not what they seem.

Toil it is, and toil in earnest,

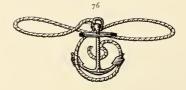

Though results do oft provoke,
"Thou flunkest math, to math returnest,"

Was not spoken as a joke.

Themes are long, and brains are lacking And we Rats so dull and green, Still with yellow slips are tracking, Scared and trembling to be seen.

Lives of Seniors all remind us, We can win diplomas, too, And departing leaves behind us Proofs of what We Rats can do.

D. C. WALKER

This is Coach Walker's third season at Elon. In the past season he has proven to be of high efficiency in practical coaching of the three major sports. He has just passed through the most successful season of his career here. He has placed Elon on the football and basketball map, and has held her high standing in baseball. Walker knows these three sports, and he is capable and able to put into practice all that he knows.

CLIFTON J. THOMAS

Manager

"Thomas" has made a very efficient manager for the 1929 baseball team. His services to the coach and visiting teams have been invaluable.

LEVI P. WILKINS

Manager

Levi has been an asset to the coach, the team and to Elon College because of his wonderful, efficient management of his own team and in taking care of the visiting teams. He is to be recommended for the courtesy he has shown to all the teams and the splendid attitude he has taken toward his work.

FOOTBALL

ROWLAND SMITH (Captain)

"Smitty" has led his team to many victories this season the best record the Fighting Christians have ever made. "Smitty" knows football and he has proved it by his valiant leadership and his hard fighting spirit he has displayed throughout the season. "Smitty" was a tackle who had for his policy "get your man." He also displayed great ability in forcing the offensive with his punts.

Football

K. B. DOFFLEMYRE

"Doffy" is good on line plays gains ground through the line because of his hard daring drive. He will be an outstanding man for next season.

DICK CADDELL

Duck has developed fast on account of his speed and his ability to get his man. He tackles hard and does not mind his opponents falling hard.

TRAL WATSON

Watson is a hard fighter; quick to act, and guards close. He had the misfortune of breaking his hand in the early part of the season, but expect him to be back strong next season.

ZACK WALKER

Zack, the Q. B., has been a live wire in managing the team, running the right plays and in calling signals. Zack knows (cottedl and has gained much ground for his team and back of this he has gained ground as a student.

GEORGE KELLEY

Kelley is small but he is loud when he is asked to gain ground. He is very elever in side-stepping and dodging. He stays wide-awake and is always attempting his duty.

J. WAGGONER

"Jabo" knew football and he proved it by gaining so much ground on the "cross-buck" play. He was the best broken-field runner of the eleven.

FOSTER HEGHES

Hughes is el ver with his hands in placing his opponent out oommission. His devillsh look had its effect, but back of his face was a hard drive to execute his looks.

ROY ROLLINS

"Country" has made an efficient end because of his ability to go down on punts; to stop plays from coming around his end and his ability to act when he would.

RALPH COGGINS

"Boll Weavel" is slow, but nevertheless he plays good foot-ball because he never gives in. He is a steady, hard fighter who does his bit with the old football spirit.

E. CORBIT HOLMES

"Don." left tackle, is known for his hard, steady fighting without any complaint. He had the misfortune of breaking his ankle in the last part of the senson, but nevertheless we expect him back with a double portion of his old fighting spirit.

HENRY T. WILLIAMS, Captain-Elect

"Pete," the smiling, hard fighting, hard driving fullback, has won himself a name in the football world because of his ability to break through the line and stop plays, "Peter" led the state in seoring for a greater part of the football season, "Peter has won the hearts of the student holy and also his teammates and be has been chosen to lead his teammates through many lines and across many and lines this next season.

ARCHIE FOGLEMAN

"Archie" is new material, but with his hard fighting to back his size he makes an outstanding man.

R. W. MORPHIS

"Shruup" is small, but he is worth his weight in gold as far at the position of center is concerned. His passing is quick and accurate. Small, nevertheless he has been successful in blocking the center against his opponents.

PAUL WAGGONER

"Hans" is quick to act clever in snagging passes out of the art and in side-stepping and stiff-arming. He was one of the strongest units of the Teven.

JOHN C. CLARK

"Body" has shown excellent ability in excertating his opponent by his close guarding, "Body" has speed and plenty of "man" to back it. He has been a strong unit in making the

ZEB HARRINGTON

"Zeb" has made a good end because he stays awake—clever assaughing and in breaking up passes and his ability to go down on punts.

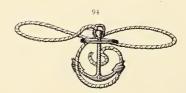

Football Review

The past football season has been the most outstanding season in the history of Elon. Coach Walker drilled and trained his men to the highest efficiency any Elon football team has ever reached.

Some of the men and the games made this season the greatest. "Pet's" hard tackling on defense and his terrific driving on offense gave Elon the honor of being the first "little six" team to ever cross Davidson's goal line.

Elon again upset the Dope Bucket by defeating Emory-Henry, 19-15. This was accomplished by Jabo's snappy broken field running; Paul Wagoner snatching passes from the air; Zack Walker's end runs; Don Holme's hard tackling; Shrimp's perfect passing; Rowland's 70-yard dash and the high-spirited fight of the remainder of the team being backed by a high-spirited student body made this game a glorious victory. Palmer, Barrett, Jr., with his high-spirited cheer leading held the student body in high spirit through the football season.

BASKETBALL

GEORGE KELLEY

Kelley has led his teammates through the most successful season in history. Kelley is a good sport, but with it he is a hard fighter. He is quick on his feet; speedy with passing and receiving passes. He is impossible to guard without fouling him, because he is so clever in handling the ball, and of a size that is hard to guard. George has done much toward bringing Elon her victories.

"LEFTY" BRIGGS

"Lefty" has been Elon's main stay on defense. He has played center this season and he has demonstrated his ability to place the ball where he desires it. On defense "Lefty" is a towering structure. He is tail and with his long arms and hig hands the course of many balls that was dead sure for the basket was changed. Coach Walker said that Briggs was the best sport he knew. Teefty" inglits hard and always fur to his opponents. He has never been known to question the reteres—a fair, hard fighter with his mouth closed. We regret that this was "Lefty's" last season, for he has won the hearts of both, the student body, and his tealmants.

Nash Parker

This season Nash has proven to both the coach and the fans by his blazing demonstrations that he knows practical baskethall. Up until the last few games of the past season Nash did not have a showing, but when his opportunity came he broke aloose in flying colors. I think I speak public sentiment when I say that he has been Elon's outstanding man and offenser. His quek, accurate shooting, splendid passing and his great teamwork has won him a name that will not leave the heart of the students.

E. Jones

Jones has been working hard to learn basketball. We are expecting him to play good basketball next season by the rapid progress he has made.

DICK CADDELL

Dick is a man we are looking forward to be a leading man for the coming season. Dick carried himself well, fair on defense, and on offense he is fair in passing and clever in shooting. He is a good sport, but with it he is a hard fighter.

ROY ROLLINS

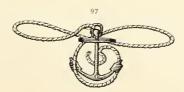

'Country' is a man who is good in any position you place him. On offense he is clever in passing and shooting. He is with the team and not self. On diffense he is strong because of his height. His arms are long and he too is good in breaking up passes and turning balls from their season, but we expect him to come back with flying colors next season.

FRED CADDELL

"Bay" is strong on defense and shows good teamwork on offense. He guards hard and close. Dispohey is to stick to your man like a leach does you, and this policy is practiced while on the floor. Fred has worked hard and accomplished much in learning and praying basketbal.

ZACK WALKER

Zack is fast on his feet and is good in working the entire floor. He is what you call lucky with his shouts and fair on defense. He is a hard worker who never gives up until the last whistle has blown. Back of his ability as an athlete he is a student.

BASEBALL

C. V. BRIGGS, JR.

"Lefty," the long-armed "southpaw," reported for practice at the Elon baseball field in the spring of '27. "Lefty" has always played the game for all that he was worth, yet with it he has been a sport at all times. Out of his twenty-eight games he has lost only four. This has won him the name of the easy-delivering, cool-headed "Lefty." He knows baseball; has great ability, and puts into practice both. He has shown that he can master the team, as well as himself, in tight places. He has won the confidence and hearts of both the students and his teammates. He is a gentleman in every respect.

Baseball

G. O. MANN

Old "Ambition," a relief pitcher, is promising material for the future team. He has much natural ability, and if he will master baseball and will make use of his ability he will make a record that will place Elon, as well as himself, on the map.

LOUIE P. ZEIGLER

"Wing-foot," the fastest man of Elon eleven, has filled the position of centerfielder with plenty of speed and accuracy. He hurt his ankle in the early part of the season, but that did not keep him from playing efficient baseball through the season.

DAVID W. SHEPHERD

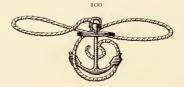

David, "O'l Reliable," has been the steadiest man that ever caught for any team. He has been an inspiration to the men who have pitched to him—to the team as a whole and to the student body because he had that fighting, driving spirit that could never be rattled, or ever give up. Back of this he was a student and a sport through and through.

WALTER LATHAM

"Firpo" has an exceptional record for a Freshman. His position as a relief pitcher proved a great success. His regular position was first base, where he played the game with "head-up." We are expecting him to be an outstanding man the coming season,

JOHN C. CLARK

"Cap," the home run king, has made a smashing record for the past three seasons, and is expected to surpass his records in the opening season. His position is right field and he has filled this position as only a sport with great baseball ability could have.

RICHARD K. MOORE

"Sparkie" was a new man, but filled the position of first base very efficiently. The rapidity of his development was outstanding, and by the close of the season he was playing "wide-awake" baseball.

HOWARD BRIGGS

"Otney" has been a shining light for the Elon eleven. He is one of the strongest units of the team both in fielding and in slugging the apple. His first season he played second base with high efficiency. The last season he was shifted to shortstop and here he proved even a greater success.

FRED S. CADDELL

"Babe," after a year layout, returned for practice last season and filled the position of second base. He has developed rapidly and before the season was far gone he was playing efficient basehall. He will be a strong unit in holding Elon in her high rank.

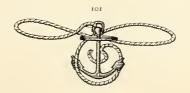

LOYD SMITH

"Red," the red hot third baseman, has made a great record, both in fielding and in the "varsity drag," He led the team in ability and the use of his ability to make his sacrifices good. He has to his credit several victories won by using the "varsity drag,"

HURLEY S. SHEPHERD

Hurley, "Hambone," has done his bit as a relief pitcher toward making the Elon team have high records for the past four years. He has brought to Elon and himself several victories by his hard, faithful work until the end.

1929 BASBALL SQUAD

Baseball

The past season has been an exceptional high point in the history of baseball. The team has worked hard to make this season a great success. Coach Walker's hard drilling and his strategy in handling men, organized a team that has demonstrated some of the greatest teamwork that has been shown for several years. The team has worked as a unit to win honor to Elon, and not to self.

History of Clio Literary Society

THE Clio Literary Society was organized in the spring of 1888-9 in the Graham Normal College. It continued there about two years, until the buildings were completed at Elon. Then the school was moved to its

The name of the society was given to the society by Dr. George T. Winston, president of the University of North Carolina.

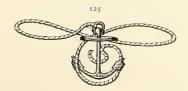

The students felt that if they could have two societies on the campus this would create competition among the societies and they would accomplish better work toward advancing the progress of both societies. Since the society has been organized, it has been found that progress has been made in both societies.

The special purpose of the society was to create a better and more enthusiastic interest in speaking, debating and practice in Parliamentary Law.

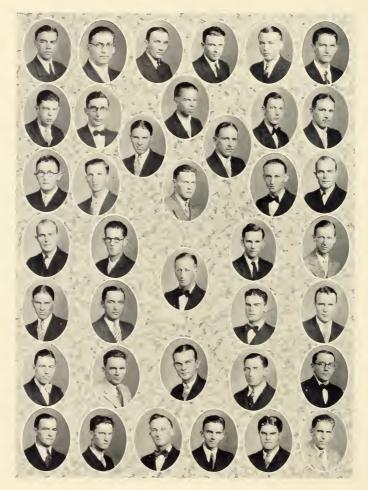

Among seme of the charter members were J. M. Roherts, Brock Jones, Livvie Crockell, B. F. Long, and S. E. Everett.

Among the outstanding members are Dr. Newman, honorary member of both societies; Dr. W. A. Harper, president of Elon College; Hon. J. A. Long; Dr. J. D. Atkinson, secretary of Foreign Missions; Hon. C. C. Howell, Dr. I. W. Johnson, Rev. H. S. Hardcastle, Lieutenant-Governor Long, and D. P. Barrett, who is a foreign missionary in Porto Rico.

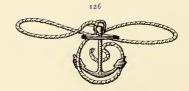

Since the society has been organized it has turned out some outstanding men, and the society still plays a very important part on the campus toward moulding young men for their future career.

History of the Psiphelian Literary Society

NE of the oldest organizations on the Elon College campus is the Psiphelian Literary Society. This society was established in 1890, three years after the college was established. Dr. J. O. Atkinson gave the society its Greek name and

the meaning attached to this name. He also helped establish the society.

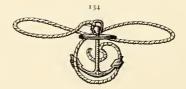

The Psiphelians had no regular place of meeting when the society was first organized and met in one of the members' rooms or at the home of one of the faculty. The society soon became such a strong and efficient organization, however, that a definite meeting place was established.

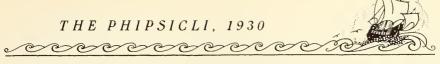

The fire which destroyed almost all of Elon destroyed also the meeting place of the Psiphelian Literary Society. After Elon was erected the Psiphelians continued to "carry on."

In the beginning the society did not have a large number of members and the number has varied on down through the years since Psiphelian was first organized, but the members have always been faithful and true to "Psiphelian."

The "red letter" day for the society has always been Easter Monday, which is known as "Psiphelian Day." Since the society was first organized the members have entertained the public on that day with a program that demonstrates their literary ability.

The Psiphelian Literary Society has been a shining light on the Elon College campus since 1890. May it continue on through the ages as such.
